## Sex Transmutation -

Channel Sex Energy to Manifest, Attract Abundance and Create Your Reality.

This is becoming a more popular topic these days.

Years of deviant sex, porn abuse & lack of traditional values have desensitised people to sex and its potent energetic force

## THREAD

This should be more simple than it sounds, but due to the very enjoyable & addictive nature of having sex and masturbation - many fail to see the benefits of using this energy for other endeavours.

Sex is very powerful. This is the function which brings new souls into flesh.

Let that sink in, sex itself is a VERY esoteric ritual which should be taking very seriously.

It's not meant for "fun"

Ok, I know some people will say "well I get different girls every night blah blah" That mentality is childish, ego/pride based & it's vapid & empty.

Let me tell you a short story, I used to be involved with people who extremely wealthy and into very wild sex & bizarre activities.

I've done extremely deviant stuff with very posh and tidy chicks and fulfilled EVERY single sexual fantasy I ever had. I can honestly say that.

& It was not because I'm some big stud, It was through being a complete and utter sex-crazed sociopath for many years. You see guys, if you are willing to be really screwed up with woman, you will find, you will end up attracting very well to do and respectable types lol.

The more money they have, the higher up the social structure - the more messed up their sexual preferences will become. That Doctor or Lawyer chick is 99% per cent more likely to be WILD than some slutty looking girl from the hood, trust me.

They are into some extreme and vile stuff I can assure you.

One thing I learned from being around those types and engaging in that stuff is - Its very intense and gives you a huge rush, but it ultimately just leads to you a dead end. An empty place, where you will NOT be happy

I think a lot of guys get into it because they become sexually frustrated and get bored of looking at hardcore porn, so they begin to seek out the real thing and end up in mansions at 3am with psychopathic deviants. I don't judge anybody for doing it, but I would advise you avoid

Sexual energy is PRECIOUS. It's the most sacred ritual two human beings can engage in. It leads to a beautiful child being birthed into reality.

This is the sole purpose of sex, the dopamine hit from the orgasm is a reward for doing this, not the main objective of doing it.

So, if you don't want to procreate, and you decide to abstain from sex/masturbation. This is you telling the universe, you don't want to create a life, but you sure ain't going to let that potent energy go to waste.

The way to do this is to take up a creative endeavour, such as/

Writing, music, art, acting etc. Or if your not creative just meditate or use the extra energy to hit the gym or exercise in some manner.

Anything is better than losing that energy.

Now I understand after a while, you will have sexual thoughts, you may be tempted to -

either go and have sex for fun or jerk off, If you do this, don't beat yourself up, just keep it in check. But what you will find is - say you go two weeks, then decide to break the streak, you will become addicted again and suffer the "chaser effect"

Same as any addiction.

So make sure, when you're on your streak, you're doing creative, physical or spiritual tasks, because that sexual energy is strong AF and it needs to go somewhere. Dont just sit around and be horny, you will break sooner or later. Channel it into something.

If you can't find or think about anything - simply just read books. Ok sounds boring, but I can assure you, if you retain semen and just constantly read books, you will read them quicker and remember them a lot better than you would normally. Dont ask me why.

You just seem to absorb information better when you're in that state. During my longer streaks, I've eaten huge books in a matter of days and been able to remember the key information contained within them with ease.

The best way is to mix it up

Write, read, workout, meditate etc, just keep active. If you can draw start drawing pictures, take piano lessons or something wholesome that actually benefits your mind.

There is plenty of options. They just ain't dangled in front of us, like sex/porn/junk food/booze etc

This is all by design, the cabal knows what we will be attracted towards, so they gave us freedom (in the west especially) but also allowed us to engage in deviant and damaging filth to stunt us mentally, so eventually, they could control us more, which they are doing now!

But we don't have to submit to this, certainly not on an individual level.

Let me show you some quotes from the famous author Napoleon Hill.

These are from his famous book "Think & Grow Rich"

I recommend you read this book if you have not already.

THE EMOTION OF SEX CONTAINS THE SECRET OF CREATIVE ABILITY.

WHEN HARNESSSED, AND REDIRECTED ALONG OTHER LINES, THIS MOTIVATING FORCE MAINTAINS ALL OF ITS ATTRIBUTES OF KEENNESS OF IMAGINATION, COURAGE, ETC., WHICH MAY BE USED AS POWERFUL CREATIVE FORCES IN LITERATURE, ART, OR IN

ANY OTHER PROFESSION OR CALLING, INCLUDING, OF COURSE, THE ACCUMULATION OF RICHES.

FORTUNATE, INDEED, IS THE PERSON WHO HAS DISCOVERED HOW TO GIVE SEX EMOTION AN OUTLET THROUGH SOME FORM OF CREATIVE EFFORT, FOR [S]HE HAS, BY THAT DISCOVERY, LIFTED HIM TO THE STATUS OF A GENIUS.

Rise above the pit of depravity, become more in tune with your most vital and potent energy source, don't keep wasting it constantly. You can do better & I can promise you this, sexual energy SUPERCHARGES the law of attraction. Try it and you will see EXACTLY what I mean.

Take back your vital life force.

Do not submit your potent seed to the disgusting succubus demons, who wish to keep

you drained and miserable!

Fulfil your human potential!

Why do you think porn is so available and free? Why do you think countless music videos and songs have that demonic sounding vibe and imagery?

This is all programming to turn our youths into sex crazed lunatics, at the mercy of their lust. Falling into the demons pit of filth.

Semen eventually becomes a new life when it's hits the egg inside the female.

If you don't waste this energy, it will manifest into something else!

Energy cannot be killed or created.

It simply moves from one point to another!

Utilise this potent fluid for creating reality!

Imagine what you may have achieved in life if you never drained yourself daily?

Imagine what kind of existence you would be experiencing subjectively as we speak.

You can make it for it now. Don't waste anymore life force on demonic jezebels of babylonia!
